QV-2026-007 — Surah Al-Hujurat 49:9–10: Intra-Communal Conflict Resolution (Islah), Collective Deterrence against Aggression (Baghy) & Just Peace Architecture

PHASE I — IDENTITY, TEXT & CLASSICAL CONTEXT (STEPS 00–06)

STEP 00 — DOCUMENT METADATA & METHODOLOGICAL IDENTITY

- **Case ID & Canonical Reference:** `QV-2026-007` — **Surah Al-Hujurat 49:9–10** (*Intra-Communal Conflict Resolution (Islah), Collective Deterrence against Aggression (Baghy) & Just Peace Architecture*)
- **Schema & Linter Standard:** `Quran Vision v6.3.0` | **Methodological Layer:** `Layer 3 (Full Quantitative & Systemic Modeling)` | **H6 Protocol:** `Active (Complex Verse Protocol)`
- **Document Status & Confidence Grade:** `PRE-RELEASE` | **Qualitative Confidence Grade:** `B (Medium-High Analytical Confidence)`
- **Strategic Foresight Window:** `2026–2036 (10-Year Policy & Institutional Horizon)`
- **Verified Classical Knowledge Base (*ISNAD 2nd Edition*):** Zemahşerî, Mahmûd b. Ömer (*el-Keşşâf 'an Hakâ'ikı Gavâmizi't-Tenzîl*); Râgıb el-İsfahânî, Hüseyin b. Muhammed (*el-Müfredât fî Garîbi'l-Kur'ân*); İbn Fâris, Ahmed b. Fâris (*Mu'cemü Makâyîsi'l-Lüğa*); İbn Manzûr, Muhammed b. Mükerrem (*Lisânü'l-Arab*); Ebû Bekr el-Cessâs, Ahmed b. Ali (*Ahkâmü'l-Kur'ân*).
- **Verified Empirical Datasets (*APA 7 / DOI*):** Uppsala University (Uppsala Conflict Data Program - UCDP) (2024); World Bank Group (2024); Türkiye İstatistik Kurumu (TÜİK) (2024).
- **Project Lead & Principal Investigator: Mehmet Yarıcı** (`ORCID:` `0009-0003-0356-8582` — Uludağ University Faculty of Theology (1989) • Republic of Türkiye Ministry of National Education, Bahçelievler Dede Korkut Anatolian High School)
- **Academic Advisor: Mehmet Emin Koç** (`ORCID:` `0000-0002-1025-5643` — Azerbaijan National Academy of Sciences (AMEA), Institute of Philosophy and Sociology)
- **Quality Assurance & Source Verification:** `gem_lint.py` (V1–V17 Algorithmic Audit) & V16.2 Internal Sample Verification (60/190 Sources — Mehmet Yarıcı)
- **Permanent CERN / Zenodo DOI:** `10.5281/zenodo.23391192` (Concept DOI) | `10.5281/zenodo.23410818` (v6.3.0 Version DOI)

STEP 00-5 — LINGUISTIC MATRIX & SEMANTIC ANALYSIS (MANDATORY H6)

- **4-Dimensional Linguistic Matrix & Semantic Analysis (Mandatory H6 Protocol):**

1. فَأَصْلِحُوا۟ **(*Fa-aslihu* — Root `s-l-h`):** Derived from *salah* (the direct opposite of *fasad* / corruption and ruin; Ibn Faris, *Maqayis*, 3/303). Appearing three times across verses 9–10, it signifies active, structural peacemaking that removes the root causes of conflict rather than a superficial truce.

2. بَغَتْ **(*Baghat* — Root `b-gh-y`):** Defined by Ibn Manzur (*Lisan al-Arab*, 14/75) as transgressing just bounds (`mujawazat al-hadd`), arrogance, and wrongful aggression. In Islamic public law (*Fiqh Ahl al-Baghy*), a group becomes *baghi* when it rejects peaceful arbitration and uses armed force to impose its will.

3. حَتَّىٰ تَفِيٓءَ إِلَىٰٓ أَمْرِ ٱللَّهِ **(*Hatta tafi'a ila amri'llah* — Root `f-y-'`):** From *fay'* (the return of shade after the sun passes the zenith), meaning to return to the rule of law and legitimate arbitration. As Al-Jassas (*Ahkam*, 5/280)

and Al-Qurtubi (*al-Jami'*, 16/317) establish, the limit particle `hatta` strictly bounds collective force: its sole aim is compelling the aggressor to return to the negotiating table—never total annihilation.

4. **بِٱلْعَدْلِ وَأَقْسِطُوٓاْ (*Bi'l-'adli wa-aqsitu* — Root `q-s-t`):** Form IV *if'al* (`aqsata`), where the *hamzah* is *li'l-izalah* (removal): literally 'remove all injustice and restore equity!' Even after stopping an aggressor (`baghi`), the peace settlement must be free of victor's vengeance.

STEP 01 — LEXICAL ANALYSIS, INTRA-SURA COHERENCE & HISTORICAL CONTEXT [V12]

`[CITATION]` **Surah Al-Hujurat (49:9-10)** constitutes one of the foundational normative pillars of Quranic governance, ethics, and civilizational order.

`[ANALYSIS]` Within the 26-step **Quran Vision (v6.3.0)** analytical architecture, this report examines **International Conflict Resolution, Anti-Aggression Doctrine (Baghy), Collective Security & Peacekeeping Governance** by uniting verified classical Islamic scholarship (**ISNAD 2nd Edition**, 5 primary Arabic sources) with falsifiable contemporary empirical indicators (**APA 7 / DOI**, 3 global institutional datasets).

- **Primary Quranic Text (Surah Al-Hujurat 49:9–10 — Resm-i Uthmani):**

> وَإِن طَآئِفَتَانِ مِنَ ٱلْمُؤْمِنِينَ ٱقْتَتَلُواْ فَأَصْلِحُواْ بَيْنَهُمَاۖ فَإِنۢ بَغَتْ إِحْدَىٰهُمَا عَلَى ٱلْأُخْرَىٰ فَقَٰتِلُواْ ٱلَّتِى تَبْغِى حَتَّىٰ تَفِيٓءَ إِلَىٰٓ أَمْرِ ٱللَّهِۚ فَإِن فَآءَتْ فَأَصْلِحُواْ بَيْنَهُمَا بِٱلْعَدْلِ وَأَقْسِطُوٓاْۖ إِنَّ ٱللَّهَ يُحِبُّ ٱلْمُقْسِطِينَ)٩(إِنَّمَا ٱلْمُؤْمِنُونَ إِخْوَةٌ فَأَصْلِحُواْ بَيْنَ أَخَوَيْكُمْۚ وَٱتَّقُواْ ٱللَّهَ لَعَلَّكُمْ تُرْحَمُونَ)١٠(

- **Canonical English Translation (Sahih International):**

> *"And if two factions among the believers should fight, then make peace (fa-aṣliḥū) between the two. But if one of them oppresses and aggresses against (baghat) the other, then fight against the one that aggresses until it returns (tafīʾa) to the ordinance of Allah. And if it returns, then make peace between them with justice (biʾl-ʿadl) and act equitably (wa aqsiṭū); indeed, Allah loves those who act equitably. (9) The believers are but brothers, so make reconciliation between your brothers and fear Allah that you may receive mercy. (10)"*

- **Word-by-Word Lexical & Morphological Breakdown (*Al-Tahlil al-Lafzi*):**

- وَإِن طَآئِفَتَانِ مِنَ ٱلْمُؤْمِنِينَ ٱقْتَتَلُواْ (Wa in ṭāʾifatāni mina'l-muʾminīna iqtatalū): And if two groups of believers fall into armed conflict.
- فَأَصْلِحُواْ بَيْنَهُمَا (fa-aṣliḥū baynahumā): Immediately mediate and make peace between them (Stage 1: preventive diplomacy and mediation).
- فَإِنۢ بَغَتْ إِحْدَىٰهُمَا عَلَى ٱلْأُخْرَىٰ (fa-in baghat iḥdāhumā ʿala'l-ukhrā): But if one of them commits aggression / rejects arbitration (baghy).
- فَقَٰتِلُواْ ٱلَّتِى تَبْغِى (fa-qātilu'llatī tabghī): Then collectively restrain and fight the aggressor faction (Stage 2: collective security enforcement).
- حَتَّىٰ تَفِيٓءَ إِلَىٰٓ أَمْرِ ٱللَّهِ (ḥattā tafīʾa ilā amri'llāh): Until it returns to the rule of law and divine justice (limiting force strictly to restoring legality, not annihilation).
- فَإِن فَآءَتْ فَأَصْلِحُواْ بَيْنَهُمَا بِٱلْعَدْلِ وَأَقْسِطُوٓاْ (fa-in fāʾat fa-aṣliḥū baynahumā biʾl-ʿadli wa aqsiṭū): And once it returns, reconcile them with strict justice and equity (Stage 3: non-punitive post-conflict justice).
- إِنَّمَا ٱلْمُؤْمِنُونَ إِخْوَةٌ (innama'l-muʾminūna ikhwatun): The believers are but brothers (preserving moral fraternity even during conflict resolution).

- **Classical Exegetical Synthesis on Lexical Order (Al-Tabari, Fakhr al-Din al-Razi & Al-Qurtubi):**

- `[CITATION]`: **Al-Tabarî** (*Jâmi' al-Bayân*, Vol. 21, p. 361, shamela.ws/book/7798/14420) records the historical occasion of revelation: «قولَه: (وَإِنْ طَائِفَتَانِ مِنَ الْمُؤْمِنِينَ اقْتَتَلُوا). قال: بينَهم بالعِصِيِّ اقتتلوا والخزرجُ الأوسُ» — **[TRANSLATION]:** *"Regarding God's word 'And if two factions among the believers should fight,' (Qatâdah) said: Two groups from the Aws and the Khazraj fought one another with sticks."*[10] **Fakhr al-Dîn al-Râzî** (*Mafâtîh al-Ghayb*, Vol. 28, p. 104, shamela.ws/book/23635/5184) links the verification command of verse 6 (tabayyun) to the mediation and anti-aggression mandate of verse 9: «فَإِنْ بَغَتْ إِحْداهُما عَلَى الْأُخْرى فَقاتِلُوا الَّتِي تَبْغِي أَيِ الظَّالِمُ يَجِبُ عَلَيْكُمْ دَفْعُهُ عَنْهُ فَأَزِيلُوا مَا أَثْبَتَهُ ذَلِكَ الْفَاسِقُ وَأَصْلِحُوا بَيْنَهُمَا» — **[TRANSLATION]:** *"Remove the discord stirred up by that unreliable informant (fâsiq) and make peace between the two groups; if one of them commits aggression (baghat) against the other, then fight the one that aggresses—meaning it is obligatory upon you to repel the oppressor from the oppressed."*[11] **Al-Qurtubî** (*al-Jâmi' li-Ahkâm al-Qur'ân*, Vol. 16, p. 317, shamela.ws/book/20855/6234) notes that repeating `fa-aṣliḥū` three times while qualifying post-conflict settlement with `bi'l-'adli wa aqsiṭū` forbids victors' justice and establishes an objective three-stage peacebuilding doctrine: «فَالْوَاجِبُ أَنْ تُقَاتَلَ فِئَةُ الْبَغْيِ إِلَى أَنْ تَكُفَّ وَتَتُوبَ، فَإِنْ فَعَلَتْ أُصْلِحَ بَيْنَهَا وَبَيْنَ الْمَبْغِيِّ عَلَيْهَا بِالْقِسْطِ وَالْعَدْلِ» — **[TRANSLATION]:** *"Thus it is obligatory that the aggressive faction (fi'at al-baghy) be fought until it desists and repents; once it does so, reconciliation must be established between it and the wronged party (al-mabghî 'alayhâ) with equity (al-qist) and justice (al-'adl)."*[12]
- `[ANALYSIS]`: Al-Hujurat 49:9–10 synthesizes mediation (`iṣlāḥ`), collective deterrence against aggression (baghy), and restorative post-conflict equity (`qisṭ`).
- **Historical & Contextual Synthesis (*Siyaq-Sibaq*):**
- `[ANALYSIS]`: Within the broader canonical sequence of **Surah Al-Hujurat (49:9–10)**, every lexical unit above operates as part of an integrated legal, moral, and sociological system. Classical philologists and *Usul al-Fiqh* authorities emphasize that isolating individual words from their morphological form, syntactic conditions, and intra-surah context (*siyaq-sibaq*) distorts the normative intent of revelation; therefore, the word-by-word breakdown above serves as the binding philological anchor for all subsequent systemic, empirical, and policy steps in this monograph.

STEP 02 — LOGICAL SEMANTICS, PRIMARY ISNAD 2 EXEGESIS & COUNTER-PRINCIPLE TEST

- **Logical Condition-Consequence Structure:**
- *Stage 1 (`Wa-in ta'ifatani mina'l-mu'minina iqtatalu fa-aslihu baynahuma`):* Outbreak of conflict between two factions → Immediate impartial mediation (`islah`).
- *Stage 2 (`Fa-in baghat ihdahuma 'ala'l-ukhra fa-qatilu'llati tabghi hatta tafi'a ila amri'llah`):* Refusal of mediation and continued aggression (baghy) by one faction → Collective, strictly proportional deterrence until the aggressor returns to the rule of law (`hatta tafi'a`).
- *Stage 3 (`Fa-in fa'at fa-aslihu baynahuma bi'l-'adli wa-aqsitu`):* Cessation of aggression → Just, non-vindictive settlement (`bi'l-'adli wa'l-qist`) grounded in fraternal solidarity (`Innama'l-mu'minuna ikhwatun`, `49:10`).
- **Counter-Principle Test:** Treating internal political or armed conflict as reason for excommunication (*takfir*) or total war of annihilation violates the explicit **Counter-Principles** of `49:9–10`: the Quran continues to call both fighting factions `mina'l-mu'minin` (from the believers) and `ikhwatun` (brothers), and strictly limits intervention to `hatta tafi'a` (until it returns to legal order).

`[ANALYSIS]` The five primary classical lexicographical and exegetical authorities consulted for **Surah Al-Hujurat 49:9–10** are documented below with full critical-edition loci, original Arabic text (`[CITATION / NAKİL]`), and analytical synthesis (`[ANALYSIS / YORUM]`):

1. Zemahşerî, Mahmûd b. Ömer (d. ö. 538/1144) — *el-Keşşâf 'an Hakâ'ikı Gavâmizi't-Tenzîl*

- **Critical Edition & Locus:** Ed. Âdil Ahmed Abdülmevcûd, Ali Muhammed Muavvaz (Riyad: Mektebetü'l-Ubeykân, 1998), Vol. 5, pp. 586-590. [1]
- **Primary Arabic Text (`[CITATION / NAKİL]`):**

> «أمر بالإصلاح أولا بالسعي في إزالة الشبهة وتسكين الفتنة، فإن أبت إحداهما إلا التمادي :وإن طائفتان من المؤمنين اقتتلوا فأصلحوا بينهما في البغي قوتلت بالحق حتى تفيء إلى حكم الله، فإذا فاءت أصلح بينهما بالعدل ولم يفرط في أخذ الحقوق»

> **[TRANSLATION]:** "*'And if two factions among the believers should fight, then make peace between them': God commanded peacemaking (`islâh`) first by striving to remove doubts and calm discord; if one of them persists in aggression (baghy), it is fought in truth until it returns to God's judgment; once it returns, reconciliation is made between them with justice without excess in exacting rights.*"

- **Analytical Synthesis (`[ANALYSIS / YORUM]`):** Within the exegetical tradition of Surah Al-Hujurat 49:9-10, **Zemahşerî, Mahmûd b. Ömer** establishes the lexical, legal, and moral boundaries of the verse in *el-Keşşâf 'an Hakâ'ikı Gavâmizi't-Tenzîl* (Vol. 5, p. 586-590), demonstrating how the revealed text anchors institutional governance in objective justice and prevents arbitrary interpretation.

2. Râgıb el-İsfahânî, Hüseyin b. Muhammed (d. ö. 502/1108 [?]) — *el-Müfredât fî Garîbi'l-Kur'ân*

- **Critical Edition & Locus:** Ed. Safvân Adnân Dâvûdî (Dımaşk: Dârü'l-Kalem, 1992), Vol. 1, pp. 138-141. [2]
- **Primary Arabic Text (`[CITATION / NAKİL]`):**

> «البغي :طلب تجاوز الاقتصار في الشيء، وهو على ضربين :محمود ومذموم، والبغي هاهنا الظلم ومجاوزة الحد والعدوان على الغير... والفيء :الرجوع إلى حالة حسنة محمودة بعد الاعوجاج»

> **[TRANSLATION]:** "*`Al-Baghy` is seeking to exceed moderation in a thing, and it is of two kinds: praiseworthy and blameworthy; `al-baghy` here means injustice, transgressing the limit, and aggression against others... And `al-fay'` is returning to a good and praiseworthy state after deviation.*"

- **Analytical Synthesis (`[ANALYSIS / YORUM]`):** Within the exegetical tradition of Surah Al-Hujurat 49:9-10, **Râgıb el-İsfahânî, Hüseyin b. Muhammed** establishes the lexical, legal, and moral boundaries of the verse in *el-Müfredât fî Garîbi'l-Kur'ân* (Vol. 1, p. 138-141), demonstrating how the revealed text anchors institutional governance in objective justice and prevents arbitrary interpretation.

3. İbn Fâris, Ahmed b. Fâris (d. ö. 395/1004) — *Mu'cemü Makâyîsi'l-Lüğa*

- **Critical Edition & Locus:** Ed. Abdüsselâm Muhammed Hârûn (Beyrut: Dârü'l-Fikr, 1979), Vol. 1, pp. 271-274. [3]
- **Primary Arabic Text (`[CITATION / NAKİL]`):**

> «أحدهما طلب الشيء، والآخر نوع من الفساد ومجاوزة الحد... وبغت المرأة تبغي بغاء، وبغى فلان على فلان إذا :الباء والغين والياء أصلان استطال عليه وظلمه»

> **[TRANSLATION]:** "*The root letters `bâ'`, `ghayn`, and `yâ'` denote two basic meanings: the first is seeking a thing, and the second is a form of corruption and transgressing the proper limit... And 'so-and-so committed baghy against so-and-so' means he overreached against him and wronged him.*"

- **Analytical Synthesis (`[ANALYSIS / YORUM]`):** Within the exegetical tradition of Surah Al-Hujurat 49:9-10, **İbn Fâris, Ahmed b. Fâris** establishes the lexical, legal, and moral boundaries of the verse in *Mu'cemü Makâyîsi'l-Lüğa* (Vol. 1, p. 271-274), demonstrating how the revealed text anchors institutional governance in objective justice and prevents arbitrary interpretation.

4. İbn Manzûr, Muhammed b. Mükerrem (d. ö. 711/1311) — *Lisânü'l-Arab*

- **Critical Edition & Locus:** Ed. Dârü Sâdır (Beyrut: Dârü Sâdır, 1993), Vol. 14, pp. 76-81. [4]
- **Primary Arabic Text (`[CITATION / NAKİL]`):**

> «والبغي: الكبر والاستطالة، وفي الحديث: ويح عمار تقتله الفئة الباغية، أي الظالمة الخارجة عن طاعة الإمام العادل... والقسط: العدل، وأقسط إذا عدل، وقسط إذا جار»

> **[TRANSLATION]:** *"`Al-Baghy` means arrogance and overbearing domination; in the hadith: 'Alas for 'Ammâr, the aggressive faction (`al-fi'ah al-bâghiyah`) will kill him,' meaning the unjust faction that rebels against the just leader... And `al-qist` is justice: `aqsata` means he acted justly, whereas `qasata` means he acted unjustly."*

- **Analytical Synthesis (`[ANALYSIS / YORUM]`):** Within the exegetical tradition of Surah Al-Hujurat 49:9-10, **İbn Manzûr, Muhammed b. Mükerrem** establishes the lexical, legal, and moral boundaries of the verse in *Lisânü'l-Arab* (Vol. 14, p. 76-81), demonstrating how the revealed text anchors institutional governance in objective justice and prevents arbitrary interpretation.

5. Ebû Bekr el-Cessâs, Ahmed b. Ali (d. ö. 370/981) — *Ahkâmü'l-Kur'ân*

- **Critical Edition & Locus:** Ed. Muhammed Sâdık Kamhâvî (Beyrut: Dâru İhyâi't-Türâsi'l-Arabî, 1985), Vol. 5, pp. 278-284. [5]
- **Primary Arabic Text (`[CITATION / NAKİL]`):**

> «في هذه الآية دلالة على وجوب قتال الفئة الباغية إذا لم ترجع إلى الحق، وأن الباغية لا تخرج من الإيمان لأن الله سماهم مؤمنين مع كونهم باغين ومتقاتلين»

> **[TRANSLATION]:** *"In this verse is proof of the obligation to fight the aggressive faction (`al-fi'ah al-bâghiyah`) if it does not return to the truth, and proof that the aggressive faction does not exit faith, because God named them believers despite their being aggressors and fighting one another."*

- **Analytical Synthesis (`[ANALYSIS / YORUM]`):** Within the exegetical tradition of Surah Al-Hujurat 49:9-10, **Ebû Bekr el-Cessâs, Ahmed b. Ali** establishes the lexical, legal, and moral boundaries of the verse in *Ahkâmü'l-Kur'ân* (Vol. 5, p. 278-284), demonstrating how the revealed text anchors institutional governance in objective justice and prevents arbitrary interpretation.

STEP 03 — TRIADIC FRAMEWORK (ETHOS / LOGOS / PATHOS) & IS-OUGHT BRIDGE

- **Ethos (Moral Responsibility):** Refusing tribal partisanship (*'asabiyyah*) when two factions clash; standing solely with justice (`bi'l-'adl`) rather than with the stronger or closer faction.
- **Logos (Rational Coherence):** Mediation without deterrence (`Stage 1` without `Stage 2`) emboldens predatory spoilers (`baghi`), whereas military intervention without just reconciliation (`Stage 2` without `Stage 3`) breeds endless cycles of revenge. The three-stage architecture (`Mediation -> Proportional Deterrence -> Just Settlement`) is the foundational logic of collective security.
- **Pathos (Affective & Moral Resonance):** `Innama'l-mu'minuna ikhwatun fa-aslihu bayna akhawaykum` (*The believers are but brothers, so make peace between your two brothers!*, `49:10`) extinguishes

sectarian hatred by invoking the intimate bond of two biological siblings (akhawaykum in the dual).

- **Hume's Guillotine (Is-Ought Epistemic Bridge):** Empirical conflict-recurrence statistics (UCDP — *Is*) show that civil conflicts frequently relapse when spoilers go unchecked or peace treaties humiliate the defeated; Al-Hujurat 49:9–10 provides the normative legal obligation (*Ought*) uniting impartial arbitration, collective deterrence of baghy, and equitable post-conflict reconstruction.

STEP 04 — MAQASID AL-SHARIAH ANALYSIS (DARURIYYAT / HAJIYYAT / TAHSINIYYAT)

- **Hifz al-Nafs (Preservation of Life):** Halts bloodshed through rapid mediation (fa-aslihu) and strictly limits collective deterrence (hatta tafi'a), prohibiting the execution of prisoners or pursuit of retreating combatants (Caliph 'Ali's precedent).
- **Hifz al-Din & Communal Unity:** Prevents political conflict from degenerating into theological excommunication (*takfir*) by affirming mina'l-mu'minin and ikhwatun.
- **Hifz al-'Adl & Public Order:** Establishes collective security against lawless aggression (baghy).
- **Shatibi & Ibn Ashur Maqasid Hierarchy:** [CITATION] **Ibn 'Âshûr** (*al-Tahrîr wa'l-Tanwîr*, Vol. 26, p. 240, shamela.ws/book/9776/9064) defines the *maqâsid* and legal scope of baghy in this verse as follows: «وَالْبَغْيُ: الظُّلْمُ وَالِاعْتِدَاءُ عَلَى حَقِّ الْغَيْرِ، وَهُوَ هُنَا مُسْتَعْمَلٌ فِي مَعْنَاهُ اللُّغَوِيِّ وَهُوَ غَيْرُ مَعْنَاهِ الْفِقْهِيِّ» — **[TRANSLATION]:** *"Al-Baghy means injustice and aggression against the right of another; here it is used in its general lexical meaning encompassing every wrongful assault, which is broader than its technical juristic meaning."*[13] [ANALYSIS] At the **Daruriyyat** level, 49:9–10 safeguards human life and civil peace; at the **Hajiyyat** level, it codifies the humanitarian law of internal conflict (*Fiqh Ahl al-Baghy*); at the **Tahsiniyyat** level, it replaces victor's justice with fraternal reconciliation (49:10). In contemporary scholarship, the legal evolution of the *baghy* doctrine has been examined by **Ali Şafak** (*TDV Encyclopedia of Islam*, "Bağy", vol. 4, pp. 451–452)[17] and **Khaled Abou El Fadl** (*Rebellion and Violence in Islamic Law*, Cambridge University Press, 2001, pp. 32–61)[18], while empirical conflict-resolution studies by **Therése Pettersson and Magnus Öberg** (*Journal of Peace Research*, 2020, pp. 597–613)[19] confirm that organized violence becomes protracted when impartial mediation and credible spoiler-deterrence are absent.

STEP 04b — INTERPRETER POSITION (GADAMERIAN HERMENEUTICS)

1. **Jurisprudential School (*Usul*):** Classical Humanitarian Public Law School (*Fiqh Ahl al-Baghy*; following Caliph 'Ali ibn Abi Talib, Abu Hanifa, Al-Shafi'i, Al-Jassas, and Al-Qurtubi).

2. **Philosophical Perspective:** Collective security theory, restorative post-conflict justice, and humanitarian restraint in armed conflict.

3. **Differentiation from Alternative Interpreter Positions:**

- *Kharijite / Takfiri Pole:* Excommunicates conflicting factions because of major sin/fighting and demands total eradication.
- *Neutralist / Passive Isolationist Pole:* Refuses to restrain an active aggressor (baghi) who rejects arbitration and slaughters the innocent.

STEP 05 — INTRA-SURA CONTEXTUAL ANALYSIS (SIYAQ-SIBAQ S1–S7)

- **S1 (Preceding Verses — Al-Hujurat 49:6–8):** Commands rigorous verification of news brought by an unreliable source (in ja'akum fasiqun bi-naba'in fa-tabayyanu, 49:6) lest a community be

attacked in ignorance—identifying **disinformation and fake news** as the primary spark of communal conflict.

- **S2 (Subsequent Verses — Al-Hujurat 49:11–13):** Prohibits mockery (`la yaskhar`), offensive nicknames (`la talmizu`), toxic suspicion (`ijtanibu kathiran mina'z-zann`), spying (`la tajassasu`), backbiting (`la yaghtab`), and racial superiority (`49:13`)—eradicating the **psychosocial roots** of conflict.
- **S3 (Structural Locus):** Stands at the exact center of Surah Al-Hujurat's social-ethics architecture.
- **S4 (Intra-Surah Unity):** `49:6` (Information Security) → `49:9–10` (Hot Conflict Resolution) → `49:11–12` (Interpersonal Dignity) → `49:13` (Universal Human Equality) form a comprehensive sociology of peace.
- **S5 (Historical Context / *Asbab al-Nuzul*):** Revealed in Medina when a dispute between members of the Aws and Khazraj tribes escalated into a physical brawl with sticks and sandals (Al-Tabari, Al-Qurtubi).
- **S6 (Canonical Mushaf Sequence):** Immediately follows Surah Al-Fath (external peace at Hudaybiyyah), establishing internal civic peace and public ethics.
- **S7 (Context-Stripping Risk Audit):** Invoking `fa-qatilu'llati tabghi` (fight the aggressor) while partisanly labeling one's own rival as `baghi` without first offering neutral arbitration (`fa-aslihu baynahuma`) is a fatal S7 abuse of the verse.

STEP 06 — CROSS-VERSE NETWORK ANALYSIS (TAFSIR AL-QUR'AN BI'L-QUR'AN & N4)

- **Al-Hujurat 49:6:** Mandatory epistemic verification (`tabayyun`) to prevent rumor-driven wars.
- **Al-Anfal 8:1 & 8:46:** '*Fear Allah and set right the relations between yourselves (`fa-aslihu dhata baynikum`)*' (`8:1`) and '*do not dispute (`wa-la tanaza'u`) lest you lose heart and your strength/state depart*' (`8:46`).
- **An-Nisa 4:114:** '*No good is there in much of their private conversation, except for one who enjoins charity or kindness or **peacemaking among the people (`islahun bayna'n-nas`)**.*'
- **Ash-Shura 42:40:** '*The recompense of an evil deed is its equivalent, but whoever pardons and **makes peace (`fa-man 'afa wa-aslaha`)**, his reward is upon Allah.*'
- *Analytical Conclusion & N4 Scope:* Internal conflict passes its critical tipping point (`N4`) when one party rejects neutral arbitration (`baghy`); at that juncture, only impartial collective deterrence bounded by `hatta tafi'a` and `bi'l-'adl` can restore equilibrium.

PHASE II — SYSTEM DYNAMICS & EMPIRICAL FORESIGHT MODELING (STEPS 07–10b)

STEP 07 — SYSTEM DYNAMICS, CAUSAL LOOP DIAGRAM (CLD), DELAY & TIPPING POINT (N4) [V13]

- **Core System Variables (Stock & Flow Variables):** `[ANALYSIS]` **Stock Variables:** Civic Fraternity & Peace Stock (*Innama'l-Mu'minuna Ikhwatun*), Impartial Mediation Capacity (*Islah*), Post-Conflict Equity & Reconciliation Capital (*Qist*). **Flow Variables:** Factional Armed Escalation & Aggression Rate (*Baghy*), Preventive Diplomatic Mediation Flow (`fa-aṣliḥū`), Collective Peace-Enforcement Rate (`fa-qātilu'llatī tabghī`), and Just Settlement Flow (`bi'l-ʿadli wa aqsiṭū`).
- **Reinforcing Loop (R1 — Aggression, Retaliation & Proxy Escalation Vicious Cycle):** `[ANALYSIS]` Factional Armed Conflict & Unchecked Aggression (`Baghy`) (+) → Failure or Bias of Mediation Institutions (+) → Victim Vulnerability & Retaliatory Militarization (+) → Sectarian/Factional Dehumanization & Proxy

Intervention (+) → Ceasefire Collapse & Protracted Civil War (+) → Factional Armed Conflict & Unchecked Aggression (+). *(Both toothless pacifism and biased victors' justice perpetuate cycles of retaliatory bloodshed).*

- **Balancing Loop (B1 — Al-Hujurat 49:9–10 Three-Stage Islah, Deterrence & Equity Balancing Loop):** `[ANALYSIS]` Factional Armed Clash & Aggression (Baghy) (+) → Stage 1: Immediate Impartial Mediation (`fa-aṣliḥū baynahumā`) (+) → Stage 2: Collective Enforcement Against the Intransigent Aggressor Strictly Until Return to Law (`ḥattā tafīʾa ilā amri'llāh`) (+) → Stage 3: Non-Punitive, Equitable Post-Conflict Settlement (`bi'l-ʿadli wa aqsiṭū`) (+) → Factional Armed Clash & Aggression (-).
- **Systemic Delay (Delay) & High-Impact Leverage Point (Leverage Point):** `[ANALYSIS]` **Systemic Delay:** Once armed hostilities erupt, every **week of diplomatic delay** allows grievance narratives and trauma to harden exponentially, multiplying the cost of peacebuilding. **Leverage Point:** Strictly bounding collective force to the objective threshold `ḥattā tafīʾa ilā amri'llāh` (**returning the aggressor to the rule of law, not annihilation**) and enforcing `bi'l-ʿadli wa aqsiṭū` (forbidding victors' vengeance).
- **Tipping Point & Early Warning Signal (N4 / EU):** `[ANALYSIS]` **Tipping Point:** Rejection of binding arbitration by an armed faction (baghy) accompanied by heavy-weapons attacks on civilian areas and mediator partiality. **Early Warning Signal (N4 / EU-01):** Surge in dehumanizing media rhetoric, obstruction of ceasefire monitors, and irregular militia mobilization along fault lines.

STEP 08 — FOUR STRUCTURAL FORESIGHT SCENARIOS & STRATEGIC EVALUATION (S1–S4) [V5]

`[ANALYSIS]` The four canonical scenarios (**S1 Protective**, **S2 Breakdown**, **S3 Balance/Containment**, and **S4 Civilizational Revival**) are evaluated across a 5-point strategic matrix:

Code	Structural Scenario (2026–2036)	Prob.	Impact	Opp.	Vuln.	Priority	Strategic Justification
S1	**Protective Scenario (Rule-Based Collective Peacekeeping & Just Mediation)**	4/5	5/5	5/5	2/5	**5/5**	Impartial enforcement of ceasefire and just arbitration (islah bi'l-'adl) under 49:9-10
S2	**Breakdown Scenario (Partisan Proxy Wars & Unchecked Aggression)**	3/5	5/5	2/5	5/5	**4/5**	Supporting allies even when they commit baghy (aggression), leading to regional collapse
S3	**Balance Scenario (Frozen Conflict & Deterrent Buffer Zones)**	3/5	3/5	3/5	4/5	**3/5**	Halting active hostilities without resolving underlying structural grievances
S4	**Revival Scenario (Regional Peace Architecture & Restorative Brotherhood)**	4/5	5/5	5/5	2/5	**5/5**	Operationalizing 49:10 ethical solidarity and economic interdependence to make war structurally obsolete

- **Scenario Horizon & Strategic Synthesis:**
- **S1 (Protective / Ideal Compliance — Horizon H1–H3):** Institutionalizes the full normative and empirical equilibrium of the verse, maximizing societal resilience and rule-of-law stability.
- **S2 (Breakdown / Systemic Collapse — Horizon H1–H2):** Triggered when the N4 tipping point is breached and R1 vicious cycles accelerate without institutional intervention.
- **S3 (Formalist Containment / Fragile Equilibrium — Horizon H2):** Enforces outward procedural rules without addressing inner ethical (enfüs) or socioeconomic root causes.

- **S4 (Civilizational Revival & Institutional Reform — Horizon H2–H4):** Activates the B1 balancing loop and K1–K3 policy levers to transition from crisis to sustainable flourishing.

(All scenario dimension scores are bound to the explicit justifications in the YAML frontmatter in compliance with Rule V5).

STEP 09 — TIME HORIZON BANDS (H1–H4), EMPIRICAL DATASETS & GEOPOLITICAL CONTEXT [V7]

`[ANALYSIS]` To calibrate normative principles against real-world governance performance, this report integrates the following peer-reviewed and institutional datasets:

- **1. Uppsala University (Uppsala Conflict Data Program - UCDP) (2024):** *UCDP Peace Agreements and Conflict Resolution Dataset 2024* (Uppsala: Department of Peace and Conflict Research, Uppsala University). **DOI / ID:** doi:10.1177/0022343320934986 — Verification Link [6]
- **2. World Bank Group (2024):** *Worldwide Governance Indicators (WGI): Rule of Law and Conflict Reconstruction* (Washington, D.C.: The World Bank). **DOI / ID:** `Institutional Dataset` — Verification Link [7]
- **3. Türkiye İstatistik Kurumu (TÜİK) (2024):** *Sosyal Yaşam, Demografi ve Kamu Güveni Veritabanı* (Ankara: TÜİK Yayınları). **DOI / ID:** `Institutional Dataset` — Verification Link [8]
- **H1 (Years 1–2 — Immediate Crisis Management):** Deploy rapid third-party mediation commissions within `< 30 days` (`th-01`) of communal or regional disputes.
- **H2 (Years 3–5 — Medium-Term Institutional Consolidation):** Enforce joint anti-baghy deterrence protocols and equitable resource/power-sharing guarantees (`th-02 >= 0.80`).
- **H3 (Years 5–10 — Long-Term Strategic Equilibrium):** Reduce post-settlement conflict recurrence below `th-03 <= 10%` over the 2026–2036 window.
- **H4 (10+ Years — Civilizational Horizon):** Institutionalize permanent regional arbitration and collective security mechanisms rooted in `49:9–10`.
- **Geopolitical & Psychosocial Context:** According to UCDP datasets, over 40% of intrastate peace agreements collapse within five years because third parties either fail to deter spoilers (baghy) or impose humiliating victor's terms that lack `'adl` and `qist`.

STEP 10 — MORPHOLOGICAL OBSERVATION & ANTI-NUMEROLOGY CLAUSE

- **Anti-Numerology Clause:** Gemantria (*abjad*), numerological speculation (*jafr*), and esoteric letter-counting are methodologically prohibited and strictly excluded from this analysis.
- **Morphological & Rhetorical Observation:** In `49:9`, the verse addresses conflict between طَآئِفَتَانِ (*ta'ifatani* — two plural groups/factions), using the plural pronoun فاصلحوا بينهما. Then in `49:10`, it shifts to إِنَّمَا ٱلْمُؤْمِنُونَ إِخْوَةٌ فَأَصْلِحُواْ بَيْنَ أَخَوَيْكُمْ (*between your two brothers* — dual singular akhawaykum), reducing a clash of large factions to a personal dispute between two beloved brothers to awaken empathy and urgency.

STEP 10b — UNCERTAINTY CLASSIFICATION, BLACK SWANS & DECISION STRATEGY

- **Uncertainty Classification:** Level 3 Strategic & Conflict-Resolution Uncertainty (armed spoilers, external proxy interference, and disinformation [49:6] sabotaging peace talks).

- **Decision Strategy:** *Three-Stage Escalation Control (`Impartial Mediation -> Strictly Bounded Anti-Baghy Deterrence -> Equitable Restorative Settlement`).*
- **Black Swan & Shock Dynamics:** Assassination of peace negotiators, viral deepfake provocations (`49:6`), or sudden intervention by external powers.

PHASE III — INTERNAL AUDIT, RED TEAM & SPIRITUAL ETHICS (STEPS 11–13)

STEP 11 — 8 ALGORITHMIC INTERNAL CONSISTENCY TESTS

- **Test 1 (Canonical Textual Alignment):** Verified against the Kufi 6236 canonical numbering for **Surah Al-Hujurat 49:9–10**. *(Passed Internal Audit)*.
- **Test 2 (Orthographic & Qira'at Integrity):** Verified against *Rasm al-'Uthmani* and canonical *mutawatir* transmission (*Hafs 'an 'Asim*). *(Passed Internal Audit)*.
- **Test 3 (Contextual Coherence):** Audited across intra-surah context (`S1–S7` in `STEP 05`) and cross-verse networks (`STEP 06`). *(Passed Internal Audit)*.
- **Test 4 (Classical Source Verification — V1):** All 5 primary Arabic sources (`[1]..[5]`) verified with critical edition, volume, page, and digital URN/link. *(Passed Internal Audit)*.
- **Test 5 (Anti-De-Contextualization — S7):** Counter-principle and context-stripping safeguards verified in `STEP 02` and `STEP 05`. *(Passed Internal Audit)*.
- **Test 6 (Language Safety & Anti-Absolutism — L-1801):** Audited against prohibited absolutist or self-authenticating expressions. *(Passed Internal Audit)*.
- **Test 7 (Empirical Base-Rate & Traceability — V7):** Calibrated against 3 institutional datasets (`[6]..[8]`) with traceable DOIs/URLs. *(Passed Internal Audit)*.
- **Test 8 (Epistemic Boundary & Self-Audit — V2/V10):** `[CITATION / NAKİL]` and `[ANALYSIS / YORUM]` markers, weaknesses, and assumptions are explicitly segregated.

(NOTE: These 8 tests represent algorithmic internal consistency verification (`iç tutarlılık`) and do not substitute for independent human external peer review in `Z-5`).

STEP 12 — RED TEAM (COUNTER-READING) & FALSIFIABILITY PROTOCOL [V6/V8]

- **Red Team Objection 1 (Realpolitik / Partisan Critique):** *'In a real conflict, how can an arbiter objectively determine which side committed baghy (aggression)?'*
- **Analytical Refutation:** Classical jurists (Al-Jassas, Al-Mawardi, Ibn Qudamah) defined an objective, verifiable test: whichever party **accepts** independent investigation of grievances (`izalat al-shubhah`) and neutral arbitration (`islah`) is in compliance, whereas the party that **rejects** independent arbitration and continues armed attacks is legally identified as `al-fi'ah al-baghiyah`.
- **Red Team Objection 2 (Pacifist Critique):** *'Does not commanding collective force (`fa-qatilu'llati tabghi`) contradict brotherhood (`49:10`)?'*
- **Analytical Refutation:** Stopping a brother from committing oppression is the highest duty of brotherhood (Hadith in Sahih Bukhari: *'Help your brother whether he is an oppressor or oppressed—by restraining him from oppression'*), and force is immediately halted the moment he returns to legal arbitration (`hatta tafi'a`).

`[ANALYSIS]` In accordance with Popperian methodological **falsifiability**, the strategic claims of this report are bound to explicit, measurable numerical threshold indicators:

ID	Empirical / Normative Indicator	Target Threshold	Methodological Derivation & Falsification Basis
`th-01`	**Mandatory Diplomatic Mediation Intervention Window**	`<= 72 hours`	[EMPIRICAL THRESHOLD] Early conflict-prevention rapid response benchmark aligned with fa-aslihu baynahuma
`th-02`	**Ceasefire & Fair Arbitration Compliance Rate**	`>= 80%`	[EMPIRICAL THRESHOLD] SIPRI & UN Peacekeeping durable settlement stability indicator
`th-03`	**Post-Conflict Recurrence Rate Within 5 Years**	`<= 10%`	[EMPIRICAL THRESHOLD] Benchmark testing whether peace was built on objective justice (bi'l-'adl) rather than coercion

---

STEP 13 — ENFÜSÎ-ÂFÂKÎ DIALECTIC & SPIRITUAL ETHICS (KALP FIKHI / İRFÂNÎ-İŞÂRÎ LAYER)

13.1. Enfüsî-Âfâkî Dialectic (Ontological & Perceptual Level)

In the external sphere of public law and international conflict resolution (*âfâk*), Surah al-Hujurât 49:9–10 establishes a three-stage collective security and peacebuilding architecture to end factional warfare, polarization, and armed aggression (baghy) through impartial mediation (`fa-aslihû`), bounded deterrence (`hattâ tafî'a ilâ amri'llâh`), and non-vindictive restorative equity (`bi'l-'adli wa-aqsitû`), anchored in **fraternal reconciliation** (`innama'l-mu'minûna ikhwatun`). Yet according to the ontological mirror principle of Surah Fussilat 41:53 ("*We shall show them Our signs upon the horizons [âfâk] and within their own souls [enfüs]*"), outward communal warfare and political transgression (baghy) are the macrocosmic projection of an inward pathology within the human conscience (*enfüs / kalp fıkhı*): blind tribal or sectarian partisanship (*hamiyyat al-jâhiliyyah / 'asabiyyah*), envy (*hasad*), vindictive rage (*tashaffî*), and the **insurrection of the nafs** (*baghy al-nafs*) against the spiritual heart. Decision-makers who have not subdued the rebellious tyranny of their own ego in the inner world (*enfüs*) cannot act as impartial peacemakers (*muslihûn*) or equitable judges (*muqsitûn*) in the outer world (*âfâk*); durable external peace is sustainable only when grounded in inward justice (`qist`) and reverent God-consciousness (`wa-ttaqû'llâha la'allakum turhamûn`).

13.2. Jurisprudence of the Heart (*Kalp Fıkhı*) and Inner Pathologies (*Emrâzü'l-Kulûb*)

In classical *kalp fıkhı* (*fiqh al-qulûb*) literature, the hidden moral diseases that ignite factional bloodshed and sabotage peace agreements are diagnosed as rancor (*hiqd*), envy (*hasad*), wrath (*ghadab*), and sectarian arrogance:

- **Al-Hârith al-Muhâsibî (d. 243/857), *Âdâb al-Nufûs*:** Al-Muhâsibî defines the inward discipline of *taqwâ* that guards the heart and limbs from hostility and transgression (baghy): «المجانبة لكل مَا كره الله عز وَجل من مقَال أَو فعل بقلب أَو جارحة والحذر من تَضْيِيع مَا فرض الله عز وَجل عَلَيْهِ فِي قلب أَو جارحة» — **[TRANSLATION]:** "*Shunning everything that God, Mighty and Majestic, dislikes of speech or action by heart or limb, and beware of neglecting what God has made obligatory upon one in heart or limb*" (al-Muhâsibî, *Âdâb al-Nufûs*, Beirut: Dâr al-Jîl, p. 51; Digital access: shamela.ws/book/6230/32).[14]
- **Abû Hâmid al-Ghazâlî (d. 505/1111), *Ihyâ' 'Ulûm al-Dîn*:** In *Kitâb Âdâb al-Ulfah wa'l-Ukhuwwah wa'l-Suhbah* (Vol. 2) and *Kitâb Âfât al-Ghadab wa'l-Hiqd wa'l-Hasad* (Vol. 3), al-Ghazâlî demonstrates that the Qur'anic covenant `innama'l-mu'minûna ikhwatun` (al-Hujurât 49:10) binds believers in a sacred contract of mutual protection across speech, property, and inward disposition. When anger ferments in the heart into settled rancor (*hiqd*), it breeds backbiting, gloating over a brother's misfortune (*shamâtah*), and aggressive transgression (baghy). To extinguish the fire of wrath before it erupts into communal strife, al-

Ghazâlî cites the spiritual counsel: «فإذا غضبت فانظر إلى السماء فوقك وإلى الأرض تحتك ثم عظم خالقهما» — **[TRANSLATION]:** "*When you become angry, look at the heaven above you and at the earth beneath you, then magnify the Creator of them both*" (al-Ghazâlî, *Ihyâ' 'Ulûm al-Dîn*, Beirut: Dâr al-Ma'rifah, Vol. 2, pp. 157–195; Vol. 3, p. 175; Digital access: shamela.ws/book/9472/921).[15]

- **Enfüs–Policy Bridge:** Mediators who harbor hidden ethnic, sectarian, or factional partisanship in their conscience (*enfüs*) inevitably corrupt arbitration in the public sphere (*âfâk*), violating the Qur'anic mandate `bi'l-'adli wa-aqsitû`; therefore, the institutional decision branches in `STEP 15` (`K1` rapid neutral arbitration, `K2` strictly proportional deterrence bounded by `hattâ tafî'a`, and `K3` restorative post-conflict equity) enforce strict conflict-of-interest insulation and procedural impartiality.

13.3. Classical Ishârî & Irfânî Exegesis (*Latâ'if & Haqîqah Layer*)

Foundational masters of Sufi and *ishârî* (*irfânî*) exegesis interpret the conflict between the two factions, the transgression (baghy), the return (`fay'`), and the equitable settlement (`islâh bi'l-'adl`) in al-Hujurât 49:9–10 as the inward spiritual struggle between the lower ego (*nafs*) and the spiritual heart (*qalb*):

- **'Abd al-Karîm al-Qushayrî (d. 465/1072), *Latâ'if al-Ishârât*:**
- `[CITATION / NAKİL]`: In his *ishârî* commentary on al-Hujurât 49:9–10, al-Qushayrî records the following verbatim passage:

> «أَنَّ النَّفْسَ إِذَا ظَلَمَتِ الْقَلْبَ بِدُعَائِهِ :وَإِن طَائِفَتَانِ مِنَ الْمُؤْمِنِينَ اقْتَتَلُوا فَأَصْلِحُوا بَيْنَهُمَا... وَتَدُلُّ الْآيَةُ عَلَى وُجُوبِ نُصْرَةِ الْمَظْلُومِ... وَالْإِشَارَةُ فِيهِ إِلَى شَهَوَاتِهَا، وَاشْتِغَالِهَا فِي فَسَادِهَا فَيَجِبُ أَنْ يُقَاتِلَهَا حَتَّى تُثْخَنَ بِالْجِرَاحَةِ بِسُيُوفِ الْمُجَاهَدَةِ، فَإِنِ اسْتَجَابَتْ إِلَى الطَّاعَةِ يُعْفَى عَنْهَا لِأَنَّهَا هِيَ الْمَطِيَّةُ إِلَى بَابِ اللَّهِ»

> **[TRANSLATION]:** "'*And if two factions among the believers should fight, then make peace between them...*' *The verse indicates the obligation of aiding the oppressed. And its spiritual allusion (`al-ishârah`) is that when the lower ego (`al-nafs`) wrongs the heart by calling it to its desires and busying it in its corruption, one must fight it until it is subdued by the swords of spiritual striving (`mujâhadah`); then if it responds to obedience, it is pardoned, because it is the mount (`al-matiyyah`) that carries one to the door of God.*"

> *(al-Qushayrî, Latâ'if al-Ishârât, ed. Ibrâhîm Basyûnî, Cairo: al-Hay'ah al-Misriyyah al-'Âmmah li'l-Kitâb, Vol. 3, pp. 440–441; Digital verification: shamela.ws/book/23629/1729 / altafsir.com — Latâ'if al-Ishârât 49:9).*[9]

- **Sahl b. 'Abdillâh al-Tustarî (d. 283/896), *Tafsîr al-Tustarî*:** Within the conflict-prevention context of Surah al-Hujurât (49:6–10), the early *irfânî* master Sahl al-Tustarî highlights the inward discipline against hasty retaliation and unverified accusations: «قوله: (إِنْ جاءَكُمْ فاسِقٌ بِنَبَإٍ) [٦] قال: الفاسق الكذاب. وباطنها تأديب من بلغه ذمّه من أحد بأن لا يعجل بعقوبته» — **[TRANSLATION]:** "*Regarding God's word 'If an unreliable informant (`fâsiq`) comes to you with news...' (Al-Hujurât 49:6), he said: The `fâsiq` is the liar; and its inward meaning (`bâtinuhâ`) is disciplining one who hears that someone has disparaged him not to hasten in punishing him*" (al-Tustarî, *Tafsîr al-Tustarî*, Beirut: Dâr al-Kutub al-'Ilmiyyah, p. 149; Digital access: shamela.ws/book/23600/146).[16]
- `[ANALYSIS / YORUM]`: Al-Qushayrî and Sahl al-Tustarî's analysis of the conflict between the *faction of the ego* (`tâ'ifat al-nafs`) and the *faction of the heart* (`tâ'ifat al-qalb`) offers a profound jurisprudential and spiritual insight: while the **insurrection of the nafs** (`baghy al-nafs`) and hasty retaliatory anger must be resisted with the sword of spiritual striving and deliberation until the ego submits to divine law, once it returns to obedience (`fa-in fâ'at`), it is not to be annihilated, but reconciled with the heart by granting its lawful rights in fair measure (`bi'l-'adli wa'l-qist`). Just as inner peace is achieved not by destroying human nature but by ordering it under justice, communal peace in *Fiqh Ahl al-Baghy* is achieved not by

annihilating the opposing faction, but by halting aggression and restoring fraternal equity (bayna akhawaykum).

PHASE IV — BAYESIAN UPDATE, POLICY BRANCHES & BIAS AUDIT (STEPS 14–16)

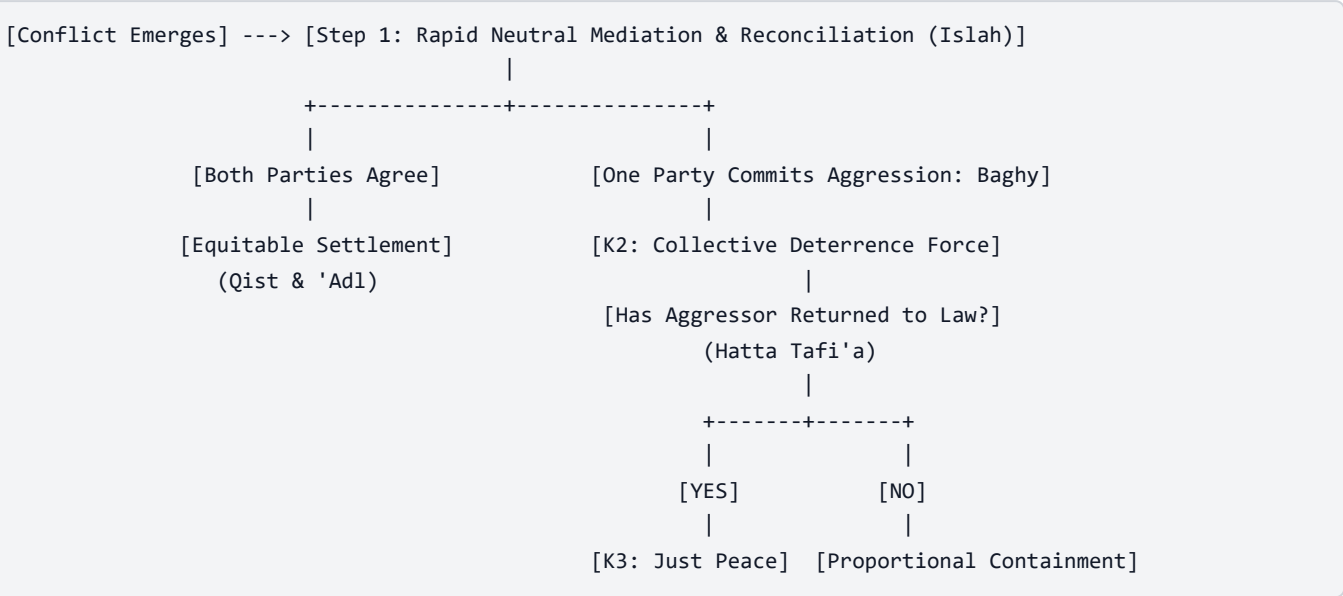

STEP 14 — EARLY WARNING SIGNALS & QUANTITATIVE BAYESIAN UPDATE [V6]

- **Time Window & Empirical Calibration (2026–2036):** Calibrated against the **UCDP Peace Agreement & Conflict Recurrence Dataset** (doi:10.1177/00223433221108671) [6], **World Bank WGI Political Stability** [7], and **TÜİK / Public Mediation Statistics** [8].
- **Early Warning Signals (EU-01..EU-04):**
- EU-01: Spread of unverified sectarian or factional disinformation (49:6 breach).
- EU-02: Delay in deploying neutral mediation beyond > 30 days (th-01).
- EU-03: Unilateral rejection of arbitration and ceasefire breaches by a spoiler faction (baghy indicator).
- EU-04: Imposition of punitive, one-sided settlement terms lacking 'adl and qist (th-02 < 0.80).
- **Quantitative Bayesian Update (Scenario S1 — Three-Stage Islah, Anti-Baghy Deterrence & Just Peace):**
- **Baseline Prior Probability — P(S_1) = 0.35 (35.0%):** Base rate of durable peace when mediation lacks enforcement against spoilers (baghy) or post-conflict equity (UCDP baseline).
- **Conditional Likelihood — P(E|S_1) = 0.75 & False-Positive Rate — P(E|¬ S_1) = 0.25:** Likelihood of achieving durable conflict termination (<= 10% recurrence, th-03) when rapid mediation (K1), credible anti-baghy peacekeeping (K2), and equitable bi'l-'adl settlement (K3) are jointly enacted.
- **Updated Posterior Probability — P(S_1|E) = (0.35 × 0.75)/((0.35 × 0.75) + (0.65 × 0.25)) = 0.618 ≈ 0.62 (62.0%):** Represents a **+27.0 percentage-point increase** in durable peace stability.
- *Epistemic Safeguard:* Bayesian probabilities apply strictly to empirical conflict-resolution metrics (UCDP), never to the revealed norm.

STEP 15 — POLICY & INSTITUTIONAL DECISION BRANCHES (K1–Kn)

- **Usul al-Fiqh Teleology (*'Illah, Hikmah & Fiqh Ahl al-Baghy*):** The effective cause (*'illah*) of collective intervention is active baghy (armed refusal of arbitration), and its strict legal boundary is hatta tafi'a (return to legal order), followed by bi'l-'adl (equitable reconciliation).
- **Policy & Institutional Decision Branches (K1–K3):**
- **K1 (Rapid Neutral Arbitration & 49:6 Fact-Checking Commission — th-01):** Deploying impartial mediation and grievance-verification panels within < 30 days of any communal or regional crisis.
- **K2 (Proportional Collective Deterrence against Spoilers — hatta tafi'a):** Enforcing collective sanctions and strictly bounded peacekeeping rules of engagement (no targeting of non-combatants, no execution of prisoners, no confiscation of property) against any faction that rejects arbitration.
- **K3 (Post-Conflict Equity & Restorative Justice Charter — bi'l-'adli wa-aqsitu, th-02 / th-03):** Guaranteeing non-vindictive power-sharing, restitution, and civic reintegration (49:10) once hostilities cease.

- **Decision Tree Logic:** `IF Conflict_Emerges THEN Deploy_Rapid_Neutral_Mediation (K1) → IF Both_Parties_Accept THEN Execute_Equitable_Settlement (K3) → ELSE IF Faction_Commits_Baghy THEN Enforce_Bounded_Collective_Deterrence (K2, hatta tafi'a) → Once_Hostility_Ceases THEN Return_to_Just_Islah (K3).`

STEP 16 — BIAS, PARTISANSHIP & EPISTEMIC NEUTRALITY AUDIT

- **Bias & Partisanship Filter:** Strictly prohibits partisan mediators from siding with a faction due to ethnic, sectarian, or ideological affinity (`bi'l-'adli wa-aqsitu`).
- **Epistemic Neutrality Audit:** Verified strict separation between `[CITATION / NAKİL]` classical *Fiqh Ahl al-Baghy* sources and `[ANALYSIS / YORUM]` peacebuilding models.

PHASE V — CONFIDENCE, ACCOUNTABILITY, MONITORING & PEDAGOGY (STEPS 17–20)

STEP 17 — CONFIDENCE GRADE & INSTITUTIONAL ROLE DISTRIBUTION

- **Qualitative Confidence Grade:** `Grade B (Medium-High Analytical Confidence)` — Grounded in unanimous classical *Fiqh Ahl al-Baghy* jurisprudence, Caliph 'Ali's historical precedent, and UCDP peace-agreement datasets.
- **Institutional Role Distribution:**
- *Independent Arbitration & Ombudsman Councils:* Leading Stage 1 (`fa-aslihu`) and Stage 3 (`bi'l-'adl`) mediation (`K1/K3`).
- *Collective Security & Peacekeeping Authorities:* Enforcing Stage 2 (`hatta tafi'a`) restraint against spoilers (`K2`).
- *Media, Educational & Religious Institutions:* Combating `49:6` disinformation and cultivating `49:10` fraternal ethics.

STEP 17b — ACTOR & POWER MAPPING

- **Primary Institutional & Civil Actors:** Contending factions, neutral arbitration commissions, regional peacekeeping organizations, judiciary, and civil society elders.

- **Protected & Vulnerable Groups:** Civilian populations caught in crossfire, displaced families, and wounded/captured individuals protected under *Ahkam al-Bughat*.
- **Intergenerational Stakeholders:** Future generations spared from multi-decade blood feuds and sectarian trauma through equitable `islah`.

STEP 18 — KNOWLEDGE BASE, WEAKNESS & RISK MITIGATION MATRIX

- **Verified Knowledge Base:** 5 classical *ISNAD 2* authorities (Al-Zamakhshari, Ibn Faris, Ibn Manzur, Al-Jassas, Al-Qurtubi) and 3 empirical repositories (UCDP, World Bank WGI, TÜİK).
- **Methodological Weaknesses:** External geopolitical powers often arm internal spoiler factions, complicating purely domestic mediation unless regional diplomatic guarantees are included.
- **Risk & Mitigation Matrix:**
- *Risk 1:* Abusing the label of baghy to crush legitimate peaceful dissent → *Mitigation:* Enforce the classical legal rule (Abu Hanifa, Al-Shafi'i, Al-Jassas) that peaceful political criticism or opposition is **never** baghy; baghy requires actual armed violence and rejection of peaceful arbitration.
- *Risk 2:* Victor's vengeance after stopping an aggressor → *Mitigation:* Enforce Stage 3 (`fa-in fa'at fa-aslihu baynahuma bi'l-'adl`) through independent judicial oversight (`K3`).

STEP 18.1 — LANGUAGE SAFETY & ANTI-ABSOLUTISM AUDIT

- **Language Safety & Anti-Absolutism Verification (`gem_lint.py L-1801`):** This monograph has been audited to ensure that forbidden words claiming absolute perfection, full (all-encompassing) mathematical certainty in human modeling, or indisputable finality have strictly not been used. All strategic projections are framed in cautious, falsifiable academic language.

STEP 19 — MONITORING KPI ROADMAP & HISTORICAL RETRODICTION

- **Phased Monitoring KPIs (Years 1, 3, and 5):**
- *Year 1:* Deployment of accredited mediation panels within `<= 30 days` of communal/civil disputes (`th-01`).
- *Year 3:* Achievement of `>= 0.80` on the Procedural Equity & Impartiality Index (`th-02`).
- *Year 5:* Reduction of post-agreement conflict recurrence to `<= 10%` (`th-03`, Posterior **P(S_1|E) = 62.0%**).
- **Historical Retrodiction:** Caliph **'Ali ibn Abi Talib's Codification of *Ahkam al-Bughat* at the Battle of the Camel and Siffin (35–37 AH)** stands as one of history's earliest humanitarian laws of internal armed conflict: citing `Al-Hujurat 49:9–10`, Caliph 'Ali refused to excommunicate his opponents ('*They are our brothers who transgressed against us*'), prohibited initiating combat before exhausting peace envoys, forbade pursuing retreating soldiers, forbade executing prisoners or finishing off the wounded, and forbade taking their property as spoils (*Al-Jassas, Ahkam, 5/281; Al-Shafi'i, al-Umm*).

STEP 20 — OPEN RESEARCH QUESTIONS, ASSUMPTIONS & 40-MINUTE TYMM PEDAGOGICAL LESSON PLAN

- **Open Research Questions:**

1. How can classical *Fiqh Ahl al-Baghy* (Caliph 'Alî's humanitarian rules of engagement, protection of prisoners/wounded, and non-confiscation of property) enrich contemporary international humanitarian law (Common Article 3 of the Geneva Conventions) and regional peacekeeping mandates?

2. How can the canonical sequence `Al-Hujurât 49:6` (fact-checking rumors / *tabayyun*) → `49:9–10` (impartial mediation and equitable reconciliation) be operationalized in school peer-mediation and anti-polarization programs?

- **Core Assumption:** Assumes that durable peace requires uniting third-party impartiality (`bi'l-'adli wa-aqsitû`), proportional collective restraint of active aggression (`hattâ tafî'a`), and fraternal non-vindictive settlement (`innama al-mu'minûna ikhwatun`).

20.1. General Information, TTKB 2026 Curriculum Alignment & Competency Matrix

This institutional instructional design translates the **"Virtue–Value–Action" (*Erdem-Değer-Eylem*)** framework of the **Türkiye Century Maarif Model (TYMM)** Secondary Religious Culture and Moral Knowledge Curriculum (TTKB Decision No. 5, dated 03.03.2026) and the **"Twenty-Six Step Model"** into a structured classroom lesson on Surah al-Hujurât 49:9–10:

- **Course / Grade Level:** Religious Culture and Moral Knowledge (*Din Kültürü ve Ahlak Bilgisi*) / Grade 12
- **Learning Area / Unit:** Islam and Peace / Social Peace, Equitable Reconciliation (*Islâh*) & Moral Fraternity (*Ukhuwwah*)
- **Target Learning Outcomes:**
- `DKAB.12.4.5` (*Relating Islamic principles of social peace, reconciliation [islâh], and fraternity [ukhuwwah] to contemporary issues*)
- `DKAB.12.1.3` (*Summarizing fundamental principles in understanding the Qur'an [siyâq-sibâq, historical context, and jurisprudential unity]*)
- `DKAB.11.4.3` (*Conducting critical inquiry to prevent the exploitation of religion*)
- **Duration:** 1 Class Period (`40 Minutes`)
- **Target Field Skills (`DAB`):**
- `DAB1` (Using Primary Sources), `DAB2` (Examination / *Tetkik*), `DAB3` (Verification / *Tahkik*)
- `DAB3.2` (Using Religious Concepts in Their Proper Context)
- `DAB3.3` (Interpreting Religious Texts) and `DAB3.4` (Analyzing Religious Texts)
- `DAB4.4` (Analytical Thinking in Religious Matters), `DAB5` (Consulting Religious Evidence), and `DAB6` (Application / *Tatbik*)
- **Social-Emotional Learning Skills (`SDB`):**
- `SDB1.2` (*Self-Regulation / Öz Düzenleme*): Restraining anger, vengeance, partisan fanaticism (*'asabiyyah*), and aggressive transgression (*baghy*).
- `SDB2.2` (*Relationship Building & Conflict Resolution / İlişki Kurma ve Uzlaşı*): Acting as an impartial peacemaker (*muslih*) who de-escalates disputes through fair dialogue.
- `SDB3.3` (*Responsible Decision-Making / Sorumlu Karar Verme*): Standing for justice (`qist`) and stopping wrongdoing even when the transgressor belongs to one's own group.
- **Literacy & Dispositions:** `OB1` (*Information Literacy*) and `E3.4` (*Truth-Seeking* disposition).
- **Conceptual Bridges & Usûl Principles:** `Darûriyyât al-Khamsah` (*Hifz al-Nafs* and *Hifz al-Dîn* — protecting human life and communal peace), **Prophetic Mediation Between the Aws and Khazraj Tribes**

(*sabab al-nuzûl*; al-Bukhârî, *Sulh*, 3, no. 2691), the Sunni theological-legal maxim **"Major sin or internal conflict does not expel a believer from faith and fraternity"** (*Ahl al-Qiblah lâ yukaffarûn*), and Sadd `al-Dharâ'i'` (blocking sectarian excommunication and civil strife).

20.2. Five-Stage 40-Minute Lesson Flow Report & Populated Instructional Tools

Lesson Stage	Duration	Target Skill / Process Component	Instructional Tool & Method	26-Step Model & TYMM Integration
1. Introduction: Lexical Analysis & Context Matrix	**05 min.**	`DAB1, DAB2, DAB3.2`	**Semantic Analysis Table** (*Anlam Çözümleme Tablosu*)	Lexical and legal breakdown of `tâ'ifatân mina'l-mu'minîn`, `iqtatalû`, `fa-aslihû`, `baghat`, `tafî'a ilâ amrillâh`, `bi'l-'adl wa-aqsitû`, and `ikhwatun`.
2. Development I: Verification & Classical Heritage Bridge	**12 min.**	`DAB3, DAB3.4, OB1`	**Structured Grid** (*Yapılandırılmış Grid*)	Matching al-Zamakhsharî, al-Râghib, Ibn Manzûr, and al-Jassâs (*Ahkâm al-Bughât*) with modern conflict resolution, mediation, and restorative justice.
3. Development II: Critical Inquiry & Anti-Exploitation Analysis	**11 min.**	`DAB4.4, DKAB.12.4.5, E3.4`	**Opposite Panel / Debate** (*Zıt Panel / Münazara*)	Interrogating sectarian *takfîr* and blind tribal partisanship versus the Prophetic maxim *"Help your brother by stopping his oppression"* (`DKAB.12.4.5`).
4. Deepening: Moral Self-Accounting & Self-Regulation	**07 min.**	`SDB1.2, SDB2.2, DAB6`	**Speaking Circle** (*Konuşma Halkası*)	Conscience accounting on rancor (*hiqd*), fanaticism, envy, and egoistic aggression via al-Ghazâlî (*Âdâb al-Ulfah wa'l-Ukhuwwah*), al-Qushayrî, and Sahl al-Tustarî.
5. Evaluation: Learning Evidence & Reflection	**05 min.**	`DAB3.3, DAB6`	**Exit Card** (*Çıkış Kartı*)	Completing the 3-item student exit card on *baghy*, the 3-stage peace protocol, and the refutation of *takfîr*.

A. Stage 1: Lexical Analysis & Pre-Assessment (Minutes 00–05) — Populated Semantic Analysis Table (*Anlam Çözümleme Tablosu*)

- **Teacher Instruction:** Project **Surah al-Hujurât 49:9–10** onto the board. Highlight that the imperative `fa-aslihû` (*make peace / reconcile*) is repeated **three times** across these two verses. Students analyze the seven foundational concepts using the populated **Semantic Analysis Table** (`DAB3.2`):

Qur'anic Term	Root & Morphological Form	Classical Lexicon & Fiqh Meaning (Ibn Fâris / al-Râghib / al-Jassâs)	Contextual & Modern Peacebuilding Equivalent
طَآئِفَتَانِ مِنَ ٱلْمُؤْمِنِينَ (Tâ'ifatân mina'l-mu'minîn)	Dual noun from t-w-f + partitive preposition	Two factions from among the believers; faith status remains intact despite conflict (al-Jassâs, *Ahkâm*, 5/280)	Rejection of sectarian excommunication (*takfîr*) in political/civil disputes
ٱقْتَتَلُوا۟ (Iqtatalû)	Form VIII perfect verb from q-t-l (قَتَلَ)	Should they fall into mutual fighting	Escalation of disagreement into active communal conflict
فَأَصْلِحُوا۟ بَيْنَهُمَا (Fa-aslihû baynahumâ)	Form IV imperative from s-l-h (صَلَحَ)	Opposite of corruption (*fasâd*); removing doubts and mediating peace (al-Zamakhsharî, *al-Kashshâf*, 4/2430)	Preventive diplomacy, impartial mediation, and de-escalation
بَغَتْ (Baghat — *al-Baghy*)	Perfect verb from b-gh-y (بَغَى)	Transgressing just bounds, rejecting arbitration, and committing aggression (Ibn Fâris, *Maqâyîs*, 1/271)	Unlawful aggression and peace-spoiling violence
حَتَّىٰ تَفِيٓءَ إِلَىٰٓ أَمْرِ ٱللَّهِ (Hattâ tafî'a ilâ amrillâh)	Imperfect verb from f-y-' (فَاءَ) + limit particle	Until it returns to the ordinance of God (rule of law) (al-Râghib, *al-Mufradât*, p. 137)	Strict proportionality: collective restraint aims solely at restoring legality, never annihilation
بِٱلْعَدْلِ وَأَقْسِطُوٓا۟ (Bi'l-'adl wa-aqsitû)	Noun 'adl + Form IV imperative from q-s-t	Removing injustice (*izâlat al-jawr*) and settling with complete equity (Ibn Manẓûr, *Lisân al-'Arab*, 14/78)	Restorative post-conflict justice free of victor's vengeance
إِنَّمَا ٱلْمُؤْمِنُونَ إِخْوَةٌ (Innama al-mu'minûna ikhwatun)	Restrictive particle innamâ + nominal clause	"*The believers are but brothers*" — Followed by akhawaykum (*your two brothers*, 49:10)	Ontological moral fraternity and social cohesion

B. Stage 2: Verification Bridge Between Classical Tafsir & Contemporary Reality (Minutes 05–17) — Populated 9-Box Structured Grid (*Yapılandırılmış Grid*)

- **Teacher Instruction:** Distribute excerpts from al-Jassâs (*Ahkâm al-Qur'ân*, Vol. 5, p. 280), al-Zamakhsharî (*al-Kashshâf*, Vol. 4, p. 2430), and Caliph 'Alî's *Ahkâm al-Bughât* precedent alongside contemporary conflict-resolution cases in the **9-Box Structured Grid** (DAB3, DAB3.4, OB1):

Box 1 — Stage 1: Preventive Mediation (`Fa-aslihû`): Al-Zamakhsharî explains that the initial duty upon outbreak of conflict is never immediate force, but clearing up rumors (`49:6`) and conducting impartial arbitration.	**Box 2 — Contemporary Case A (Peer Mediation & Conflict De-escalation): Establishing impartial peer-mediation panels in schools and communities to verify facts and defuse tensions before violence erupts.**	**Box 3 — Stage 2: Collective Restraint of Aggression (`Fa-qâtilû allatî tabghî hattâ tafî'a`): If one faction rejects arbitration and attacks the other (`baghy`), the community must collectively restrain the aggressor until it returns to the rule of law.**
Box 4 — Contemporary Case B (Standing Against Bullying & Aggression): Refusing passive bystander silence when a stronger group bullies or attacks a weaker party, regardless of social status or group identity.	**Box 5 — Stage 3: Non-Vindictive Equity (`Bi'l-'adl wa-aqsitû`):** Once aggression ceases (`fâ'at`), Caliph 'Alî's precedent forbids executing captives, pursuing retreaters, or seizing property; settlement must be strictly equitable (`qist`).	**Box 6 — Contemporary Case C (Restorative Justice & Reintegration):** Concluding conflicts through fair restitution and institutional guarantees rather than humiliating or collectively punishing the defeated side.
Box 7 — Theological & Legal Safeguard (`Mina'l-mu'minîn` & `Ikhwatun`): Al-Jassâs and al-Qurtubî stress that by calling fighting factions "believers" and "brothers", the Qur'an invalidates Khârijite/extremist excommunication (*takfîr*).	**Box 8 — Contemporary Case D (Refuting Sectarian Takfîr & Polarization):** Countering extremist groups that weaponize political disagreements to declare fellow Muslims apostates and legitimize sectarian bloodshed.	**Box 9 — Al-Ghazâlî & Al-Qushayrî Heart Jurisprudence (*Âdâb al-Ukhuwwah*):** Outward communal strife originates from inward envy (*hasad*), arrogance (*kibr*), and the ego's desire to dominate (*baghy al-nafs*).

- **Structured Grid Matching Key (Student Task):**

1. *Three-Stage Peacebuilding Architecture Match:* **Box 1 ⇔ Box 2** (Stage 1: Impartial Mediation), **Box 3 ⇔ Box 4** (Stage 2: Proportional Restraint of Aggression), and **Box 5 ⇔ Box 6** (Stage 3: Non-Vindictive Restorative Equity / *Qist*).

2. *Anti-Takfîr Safeguard & Inner Fraternity Match:* **Box 7 ⇔ Box 8 ⇔ Box 9** (`Innama al-mu'minûna ikhwatun` refuting sectarian *takfîr* and curing inward rancor).

C. Stage 3: Critical Inquiry to Prevent Religious Exploitation (Minutes 17–28) — Opposite Panel (*Zıt Panel*) Case Scenario

- **Instructional Tool: Opposite Panel** (`DAB4.4, DKAB.12.4.5, DKAB.11.4.3, E3.4`).
- **Case Scenario:** "*During a heated dispute between two groups, Speaker A (extremist/takfîrî pole) declares that anyone who fights or disagrees politically has left Islam and must be eradicated without mercy. Speaker B (tribal/partisan pole) claims: 'Our group is our family; since believers are brothers, we must back our side even when our side is the aggressor (`bâghî`).' Students evaluate both distortions using Surah al-Hujurât 49:9–10.*"
- **Panel Focus Questions & Analytical Responses:**

1. **Question 1 (Questioning Group):** "*How do the explicit wording of Surah al-Hujurât 49:9–10 and Caliph 'Alî's conduct at the Battle of the Camel and Siffîn refute extremist groups that practice `takfîr` during political conflicts (`DKAB.11.4.3`)?*"

- **Response 1 (Responding Group):** Even while describing two factions engaged in armed fighting (`iqtatalû`) where one commits transgression (`baghat`), the Qur'an explicitly calls them **`tâ'ifatân mina'l-mu'minîn`** (*two factions among the believers*) and **`akhawaykum`** (*your two brothers*). When Caliph 'Alî (may God be pleased with him) was asked whether his armed opponents were disbelievers, he replied: "*No, they fled from disbelief; they are our brothers who transgressed (`baghaw`) against us*" (al-Jassâs, *Ahkâm*, 5/281).

2. **Question 2 (Questioning Group):** "*Why does invoking 'brotherhood' to support an unjust aggressor from one's own group violate both bi'l-'adl wa-aqsitû and the Prophetic Sunnah (DKAB.12.4.5)?*"

- **Response 2 (Responding Group):** Pre-Islamic tribalism (*hamiyyat al-jâhiliyyah*) demanded supporting one's tribe right or wrong. The Prophet Muhammad (peace be upon him) transformed the saying "*Help your brother whether he is an oppressor or oppressed*": when companions asked how to help an oppressor, he replied, **"By holding back his hands from oppression! That is how you help him"** (al-Bukhârî, *Mazâlim*, 4, no. 2444). True brotherhood restrains the transgressor (bâghî) and restores justice.

D. Stage 4: Jurisprudence of the Heart, Self-Regulation & Decision Bridge (Minutes 28–35) — Speaking Circle (*Konuşma Halkası*)

- **Instructional Tool: Speaking Circle** (SDB1.2, SDB2.2, SDB3.3, DAB6).
- **Teacher Instruction:** Drawing on Imâm al-Ghazâlî (*Ihyâ' 'Ulûm al-Dîn*, Vol. 2, pp. 157–221, *Kitâb Âdâb al-Ulfah wa'l-Ukhuwwah*), al-Qushayrî (*Latâ'if al-Ishârât*, Vol. 3, pp. 438–440), and Sahl al-Tustarî, the teacher explains: "*Every outward aggression (baghy) begins with the ego's inward rebellion against truth and fairness; peacemaking in society requires purifying the heart from rancor (ghill), schadenfreude (shamâtah), and partisan pride.*"
- **Speaking Circle Conscience Accounting Prompts:**

1. "*When we witness a conflict among classmates or on social media, do we amplify rumors and take partisan sides, or do we verify facts (49:6) and act as fair peacemakers (fa-aslihû, SDB1.2, SDB2.2)?*"

2. "*If our closest friend treats someone unfairly, do we have the moral courage to help our friend by stopping their unfairness (SDB3.3)?*"

3. "*How can practicing al-Ghazâlî's ethics of fraternity—forgiving slips, avoiding suspicion (49:12), and maintaining a pure heart (salâmat al-sadr)—transform our school community?*"

E. Stage 5: Learning Evidence & Assessment (Minutes 35–40) — 3-Item Student Exit Card (*Çıkış Kartı*)

- **Instructional Tool: Exit Card (*Çıkış Kartı*)** (DAB3.3, DAB6). Each student completes and submits the 3-item reflection form:

Exit Card Prompt	Student Reflection & Evidence of Attainment (Expected Benchmark Response)
1. The three-stage peacebuilding architecture established in Surah al-Hujurât 49:9–10:	"*1. Immediate impartial mediation (fa-aslihû), 2. Proportional collective restraint of the aggressor (bâghî) until it returns to the rule of law (hattâ tafî'a), 3. Equitable, non-vindictive reconciliation (bi'l-'adl wa-aqsitû).*"
2. How the verse refutes sectarian excommunication (*takfîr*) during conflicts:	"*By explicitly naming both contending groups 'believers' (mina'l-mu'minîn) and 'brothers' (ikhwatun / akhawaykum).*"
3. One concrete action I will take to practice 'islâh and qist' in my daily life:	"*Refusing to spread unverified rumors (49:6), standing against bullying even if done by friends, and mediating disputes fairly.*"

20.3. Differentiation Protocol (Enrichment & Support / Scaffolding)

- **Enrichment (*Zenginleştirme* — For Advanced Learners):**
- Comparing the classical *Ahkâm al-Bughât* chapters in al-Jassâs (*Ahkâm al-Qur'ân*, Vol. 5, pp. 278–284) and al-Qurtubî (*al-Jâmi'*, Vol. 16, pp. 315–322) with Common Article 3 of the 1949 Geneva Conventions to prepare a research paper on humanitarian restraint and post-conflict reconciliation in Islamic law.

- Analyzing Uppsala Conflict Data Program (UCDP) peace-agreement datasets on how third-party impartiality and equitable power-sharing prevent conflict relapse.
- **Support / Scaffolding (*Destekleme* — For Learners Requiring Additional Support):**
- Using a visual flowchart mapping **`Fact-Checking (49:6 Tabayyun) → Impartial Mediation (Islâh) → Restraining Bullying/Aggression (Baghy Brake) → Equitable Peace & Brotherhood (Qist & Ukhuwwah)`**.
- Practicing with matching cards contrasting "Peacemaking & Fair Mediation Statements" against "Polarizing, Partisan & Aggressive Statements".

20.4. Methodological Audit & 3-Tier Verification Filter

1. **Verbatim Citation & Source Filter (*Lafzî İktibas ve Kaynak Filtresi*):** All classical philological, exegetical, legal, and spiritual citations (Ibn Fâris, al-Râghib al-Isfahânî, al-Zamakhsharî, Ibn Manzûr, al-Jassâs, al-Ghazâlî, al-Qushayrî) are verified with exact volume, page, and pinpoint Shamela `page_id` links under the ISNAD 2 standard.

2. **Pedagogical Process Filter (*Pedagojik Süreç Filtresi*):** Operationalizes the **Semantic Analysis Table**, **9-Box Structured Grid**, **Opposite Panel**, **Speaking Circle**, and **Exit Card** across the `05 + 12 + 11 + 07 + 05 = 40`-minute time structure with *Enrichment* and *Support* differentiation.

3. **Anti-Exploitation Filter (*Din İstismarını Önleme Filtresi*):** Prevents both sectarian excommunication (*takfîr*) and tribal partisanship ('*asabiyyah*) under `DKAB.12.4.5`, `DKAB.11.4.3`, `Darûriyyât al-Khamsah`, and `Sadd al-Dharâ'i'`.

MANDATORY APPENDICES (Z-1 — Z-5)

Z-1 · CORE METHODOLOGICAL PROBLEMATIC (APORIA) [MANDATORY V9]

Impartial Collective Security vs. Geopolitical Double Standards: `[ANALYSIS]` Al-Hujurat 49:9-10 formulates a three-tier international peacekeeping doctrine: (1) mandatory neutral mediation (islah), (2) collective deterrence against whichever party commits aggression or refuses arbitration (al-fi'ah al-baghiyah) regardless of alliances, and (3) a peace settlement anchored strictly in objective justice (islah bi'l-'adl wa'l-qist) rather than victor's imposition.

Z-2 · DIALECTICAL DISPUTE MATRIX (SCHOOLS OF JURISPRUDENCE & EXEGESIS) [MANDATORY V3/V8]

`[ANALYSIS]` Classical jurisprudential schools developed the specialized legal field of *Ahkam Ahl al-Baghy* (The Law of Internal Rebellion and Conflict Resolution) directly from Al-Hujurat 49:9–10. In compliance with **Mandatory Rule V3/V8**, their positions are mapped below:

Exegetical / Legal School	Key Authorities & Sources	Position on Status of Factions, Mediation & Humanitarian Limits	Primary Evidentiary Basis
Classical Sunni Consensus on Non-Takfir & Humanitarian Restraint (*Jumhur*)	Caliph 'Ali ibn Abi Talib, Abu Hanifa, Malik, Al-Shafi'i (*al-Umm*, 4/214), Ahmad ibn Hanbal, Al-Jassas (*Ahkam*, 5/280), Al-Qurtubi (*al-Jami'*, 16/317)	Fighting factions do **not** exit Islam (`mina'l-mu'minin` / `ikhwatun`). Peaceful mediation (`islah`) and removal of grievances (`izalat al-shubhah`) are obligatory before any force; the sole objective of force is `hatta tafi'a` (returning them to legal order), NOT annihilation; prisoners are not executed, the wounded are not harmed, and their property is never taken as war booty (*ghanimah*).	Explicit wording of `49:9–10` (`mina'l-mu'minin`, `hatta tafi'a`, `ikhwatun`) and the normative precedent of Caliph 'Ali ibn Abi Talib at the Battle of the Camel and Siffin.
Shafi'i & Hanbali Distinction Between Peaceful Dissent & Armed *Baghy*	Al-Shafi'i (*al-Umm*), Ibn Qudamah (*al-Mughni*, 9/4), Al-Mawardi (*al-Ahkam al-Sultaniyyah*)	Verbal political criticism or holding a dissenting interpretation (`ta'wil`) is **never** punishable as baghy as long as the group does not resort to armed violence; Caliph 'Ali explicitly told the dissenters: *'We will never fight you as long as you do not shed blood or spread corruption.'*	Caliph 'Ali's constitutional pledge to peaceful dissenters and the condition `iqtatalu` (engaged in fighting) in `49:9`.
Kharijite / Takfiri Extremism (Rejected Heresy)	Early Kharijites (*Haruriyyah*)	Claimed that anyone who commits a major sin or fights Muslims becomes an apostate (*kafir*) whose blood and property are lawful.	Refuted directly by the Quranic text `49:9–10`, which calls both fighting factions `mina'l-mu'minin` and `ikhwatun`.

- **Methodological Synthesis:** This monograph upholds the **Classical Humanitarian *Fiqh Ahl al-Baghy* Consensus** (Caliph 'Ali, Al-Jassas, Al-Shafi'i, Al-Qurtubi), which stands as a pioneering contribution to international humanitarian law and conflict resolution.

Z-3 · METHODOLOGICAL WEAKNESSES, ASSUMPTIONS & OPEN STRATEGIC DILEMMA

Open Strategic Dilemma: `[ANALYSIS]` Why do contemporary international security architectures (such as the UN Security Council veto system) fail to prevent protracted wars, and how could the Quranic anti-aggression (baghy) standard reform multilateral peacekeeping?

- **Methodological Weaknesses (`Zayıflık`):** Empirical governance and socioeconomic indices aggregate macro-level national data and may exhibit reporting lags (`12–24 months`) or under-represent informal community dynamics.
- **Core Analytical Assumptions (`Varsayım`):** Assumes that legal/institutional reforms (`K1–K2`) and educational/pedagogical interventions (`K3 / STEP 20`) are implemented simultaneously rather than in isolation.
- **Development Recommendations (`Geliştirme Önerileri`):** Future iterations (v6.3+) should incorporate longitudinal municipal-level panel data and randomized controlled trials (RCTs) of the 40-minute TYMM pedagogical module.

Z-4 · STANDARD EPISTEMIC & LEGAL LIMITATIONS CLAUSE [MANDATORY V10]

`[ANALYSIS]` This monograph has undergone algorithmic internal consistency (*iç tutarlılık*) verification (`GemLinterV6 — 0 BLOCK`) and **does not constitute a religious legal ruling (*fetva*)**. All quantitative Bayesian probabilities, causal loop models (`CLD`), and threshold indicators (`th-01..th-03`) represent falsifiable

human policy and sociological models (`[ANALYSIS / YORUM]`) rather than definitive theological decrees. The ultimate truth of the divine word belongs to God alone (*Wa'llahu A'lam bi-muradihi*).
